MIAMI CHOIR BOYS

CHOIR CONDUCTED AND SONGS COMPOSED BY YERACHMIEL BEGUN

It gives me great pleasure to introduce the first album of the Miami Choir Boys, who will capture your hearts and emotions even more so than my first group, the Toronto Pierchei Choir. For they will be bringing into your home a more diversified and sophisticated style of song and orchestration, adding a new dimension to Jewish music.

It is with great pride and joy that I dedicate this album to the miraculous "Victory at Entebbe". A miracle that will forever inspire and strengthen the faith of the Jewish people in Hashem. I fervently hope that these songs too, will become an inspiration to help strengthen our beliefs.

Yerachmiel

Yerachmiel Begun, composer of the highly acclaimed Toronto Pierchei albums and Kol Solonika III, has now, with this latest production, unquestionably achieved the status of foremost composer in Jewish contemporary music.

Miami Choir Boys, a new and versatile group of talented young children whose musical achievements in choir and select group singing have made this a truly unique album. Also, their concert performances have been noted for their versatility and professionalism, unusual for young children.

Neginah Symphony Orchestra - Neginah, considered the top name in Chassidic music, turns symphonic for the first time on this album. With creativity and imagination, Yisroel Lamm's brilliant arrangements have brought forth his greatest musical masterpiece to date.
